India's only trade fair for the ceramic and brick industry

Concurrent shows

6-8 March, 2024
Helipad Exhibition Centre,
Gandhinagar, Gujarat

Powered by
India's only B2B platform driving innovation in ceramics and brick industry

Indian Ceramics Asia is India's leading annual trade fair and conference that brings together ceramic raw material and machinery suppliers. It serves as a central hub for manufacturers of the ceramics and brick industry, helping them streamline their supply chains, discover new partners, and ultimately enhance their production processes.

Indian Ceramics Asia a valuable platform for the exhibitors and visitors to achieve their aims and objectives.

For our exhibitors, the show provides an opportunity to showcase their innovative products or services, to network with other professionals in their industry, and to generate new leads and business.

For our visitors, the show provides an opportunity to learn more about the latest advancements and products in their industry, to network with other professionals, and to make new connections.

Face-to-face networking opportunities and specially curated conferences, workshops are the perfect ingredients to get acquainted with new market trends, interact with like-minded individuals, unlock new business relationships, and further existing ones.

Concurrent shows

Engineering and Technical Ceramics Exhibition (ETC) focuses on the most dynamic and specialist field within the ceramics industry and one of the most efficient ceramic materials “Technical Ceramics or Advanced Ceramics or Engineered Ceramics”.

India Brick and Roof Tile Expo (iBaRT) is the only B2B exhibition in India that showcases latest machinery and technological solutions for brick manufactures.
Exhibitor Testimonial

Indian Ceramics Asia has grown exponentially over the years. This is the right platform for Italian companies that are satisfied with the event and have seen positive responses through interaction with quality visitors. We look forward to participating in the next edition.

**Mr. Alessandro Liberatori**  
Trade Commissioner  
TRADE PROMOTION OFFICE OF THE ITALIAN EMBASSY

Indian Ceramics Asia is an important platform for our industry. We have seen very good footfall in our exhibition space on all three days. Our participation has been proved productive with the closing of some very important transactions.

**Mr. Anand Pandey.**  
Managing Director  
SACMI

At Indian Ceramic Asia we are presenting super-fast model, new solution for digital printing with infinity model printing machine and we have a lot of new opportunities in sorting lines. We attend India Ceramics with all our new technologies. Indian Ceramics is a very important market for us as it is the 2nd worldwide producer of ceramic tiles, and it is our intention to be more present year by year.

**Mr. Roberto Bonucchi**  
Sales Director  
System Ceramics SpA

We have been participating in Indian Ceramics Asia since its inception. The show scales up with each edition. The show is extremely efficient in bringing the entire ecosystem under one roof.

**Mr. Aniket Gore**  
Director /Consultant  
Amberger Kaolinwerke

The atmosphere at Indian Ceramics Asia is very encouraging for business networking. We have had productive interactions with key customers, prospective buyers and even exhibitors.

**Ms. Jema Daya**  
Communications Manager  
Saint Gobin Formula-UK

We have been participating for the last fifteen years in Indian Ceramics Asia and each year we draw good response. At this event, we get new customers from geographies like Bangladesh, Iran, Nepal, Uzbekistan, Belarus and more. We will keep participating in the upcoming editions.

**Mr. Kamal Kumar**  
Manager - Indian Operation  
Modena Technology Limited

It is a great pleasure to participate in Indian Ceramics Asia. We had an overwhelming response from domestic visitors and visitors from countries like Bangladesh, Sri Lanka and Saudi Arabia for our industrial ceramics/advanced ceramics.

**Mr. Manu Khosia**  
Managing Partner  
Floorex

We have been participating in Indian Ceramics Asia for many years and have unveiled some of our most innovative solutions on this platform. The show’s supporting programs like buyer-seller forum, innovation forum, etc. contribute to business networking and the exchange of ideas. We see strong demand for our products on this platform and look forward to participating and launching our new products in the upcoming editions.

**Mr. Mitrabhanu Pati**  
Business Director  
(Ceramics APAC)  
IMERYS Performance Minerals

Indian Ceramics Asia is an important market for us with the presence of producers of ceramic tiles from across the globe and present our most advanced and innovative solutions. The exhibition keeps improving with each edition and we are satisfied with our participation. We will ensure to participate every year.

**Mr. Chaitanya Patel**  
Managing Director  
HLT Industry Co. Ltd.  
DLT Technology Co. Ltd.
Indian Ceramics Asia is a great platform and have been visiting it for the last ten years. The event provides an opportunity for the ceramic ecosystem to come together to interact and witness the latest technological innovations. Having the entire industry under one roof facilitates R&D, thereby contributing to nation-building.

Mr. Rahul Sharma
Senior Vice President
Somany Ceramics limited

The growth of the Indian ceramic industry is the fastest in the world with a CAGR of more than 20%. The tile manufacturing units in India are keen to explore innovative and new technologies. Indian Ceramics Asia provides a competitive advantage to domestic as well as international players by displaying their raw materials and technologies. The event facilitates foreign trade, thereby contributing to the industry’s growth.

Dr. Chandresh Agarwal
Secretary
Gulf Countries Cooperation
Chapter (GCC Chapter) of the Indian Ceramic Society

Indian Ceramics Asia brings together ceramic experts from across the globe. The interaction between domestic and global players facilitates the exchange of ideas and innovation to boost the domestic market and make the Indian ceramic industry atmanirbhar.

Mr. D. K. Singh
Managing Director
Refractories Dynsmics

Indian Ceramics Asia in the coming few years is going to be a critical platform for advanced ceramics. The advanced ceramics sector has the potential to scale with infrastructure, legislation, executive support and technology. Stakeholders from all these come together at Indian Ceramics Asia.

Mr Dev Bhise
Technical Director
Bhise Ceramics Pvt Ltd

Indian Ceramics Asia is a good platform to source innovative technologies and raw materials. I came here to source raw materials for the watchmaking industry and found many leading domestic and international players offering the same. The buyer-seller forum in particular has been beneficial as it provides an opportunity for one-on-one interaction with the technology suppliers.

Mr. Ganeshan N.
Head -Production
Titan Company Limited.

Indian Ceramics Asia is instrumental in bridging the gap between industry and academia. With the increased representation of advanced ceramics at the event supplemented by technical sessions, this event is going to further grow over the upcoming years.
